## Who's it for?

The NEBOSH Certificate in Fire Safety is ideal for:

- Those responsible for fire safety in low to medium risk workplaces
- Health and Safety Managers
- Facilities Managers
- Health and safety representatives within businesses.

## How will it help me?

This relevant and respected fire safety qualification will help you to:

- Gain a solid technical foundation to build on through practical application and experience
- Positively influence fire safety behaviours
- Learn fire safety techniques that are based on global best practice
- Make a difference in your workplace
- Advance your career by gaining specialist fire safety knowledge.

## What will I learn?

This focused qualification helps you learn and develop fire safety skills which can be applied in workplaces anywhere in the world.

On completion of this qualification, you will have the knowledge and skills to:

- Understand fire and explosion protection and prevention principles
- Carry out an effective fire risk assessment in a low to medium risk workplace.

## How is it assessed?

This two-step assessment process consists of:

- **An open book examination:** you will have 24 hours to complete this assessment
- **A practical fire risk assessment:** the fire risk assessment has been developed around fire risk assessment standards such as the Home Office fire guidance and PAS79-1:2020.

*"Not only did my  
NEBOSH General  
and Fire Certificates fill in so many*

*blanks as far as my knowledge was  
concerned, the qualifications also  
gave me so much confidence and  
helped me, and still do help me  
almost every day, to demonstrate my  
competence. Now I'm really  
looking forward to taking  
things to the next level."*
